

# WHAT IS AWRF?

“An Association Serving the Lifting, Rigging and Load Securement Industry”

## What is AWRF?

### Associated Wire Rope Fabricators (AWRF):

- **AWRF** is a dynamic community of independent value added fabricators, manufacturers and distributors of lifting and load securement devices.
- **AWRF** is focused on providing solutions for wire rope, chain and hardware fittings, synthetics, hoists, lifting beams and special engineered fabrications.
- **AWRF** members serve local, national and world markets.
- **AWRF** provides its members with peer support, best practice advice to accelerate growth and succeed in their industry.
- **AWRF** holds 2 annual conference meetings for its members.

## AWRF Membership

- **AWRF** seeks companies operating and owned by people with a passion for the lifting industry.
- **AWRF** helps companies, large and small, striving to grow their business, who seek continuous improvement and provide great customer service.
- **AWRF** supports companies offering exceptional value and experience to the marketplace.
- **AWRF** assists local market leaders with integrity and strong customer relations with deep community roots.
- **AWRF** was established in 1976. Over 40 years of serving our members.

**At AWRF, just like you, we value our members, long-term relationships, valued-added solutions, customer service, integrity, and partnerships.**
